

WESTERN GLOBAL AIRLINES LLC

JOB DESCRIPTION

TITLE: Aircraft Structures	DEPARTMENT: Maintenance
REPORTS TO: Manager of Heavy Maintenance	MAIN BASE: Shreveport, LA
PAY RANGE: TBA	DATE REVISED: May 7, 2018

OVERALL RESPONSIBILITIES

The Structure Mechanic is responsible to inspect, overhaul, repair, modify, and troubleshoot airframe parts, systems, and components. The Structures Mechanic is responsible to perform work within the FAA, and Western Global standards of quality

ESSENTIAL DUTIES

- Shall positively support and promote safety, security and quality as a fundamental function of the overall responsibility. Promote a culture of safety by monitoring self and others to assure all duties are performed within the guidelines as specified by Western Global Airlines, manuals.
- Keep a clean and safe work area at all times. Ensure that waste materials, paint, alodine, and other fluids are properly handled.
- Accomplish work within job standards or estimated hours.
- Support engineering in developing repairs and modifications for transport category airplanes.
- Fabricate parts and assemblies for use in engineering modifications and repairs. These parts will be inspected to ensure the parts can be fabricated to the engineering data and FAA requirements.
- Responsible for the proper execution of parts tags attached to repairable, serviceable or condemned parts.
- Inform their Supervisor/Lead immediately of any un-airworthy conditions found during performance of work assigned.
- Coordinate with other departments as necessary to ensure a smooth and continuous workflow.
- Ensure that GMM, and FAA regulations and procedures are followed.
- Perform any other duties assigned by the Direct Supervisor or Direct Manager.
- Interface with the Supervisor to recommend improvements needed to increase performance and quality.
- While performing the duties of this job, the employee is frequently required to reach with hands and arms, stand; walk; talk or hear; and use hands to finger, handle, feel or operate objects, tools, or controls. The employee is occasionally required to sit; climb or balance; stoop, kneel, crouch or crawl. The employee must occasionally lift and/or move more than 50 pounds.

The above responsibilities, duties, and skills are intended to describe the general requirements of the position. They are not intended to be an exhaustive list of all responsibilities, duties and skills required.

JOB QUALIFICATIONS

- FAA A&P License
- High school diploma or equivalent.
- Occasional travel to perform duties away from base.
- Two (2) years, aircraft structural Maintenance experience.
- Transport category aircraft (Preferred).
- Must be able to read, write, and understand the English language.
- Must provide own tools.
- Valid, unrestricted Driver's License.
